HOPS (GRADE 11)

The Hospital Opportunity Program for students is once again being offered in a different form to accommodate the current situation at the hospital. HOPS is an opportunity for students who are interested in, or who are considering a career in the field of medicine (doctor, nurse, specialist, and technician). This year due to restrictions, students will not be allowed to enter the hospital. The Jewish General Hospital Auxiliary has created projects for students that are related to the medical field. Students will spend once a week, (half day) working on the project in their respective school. Students will have to attend four mandatory evening lectures (virtually).

This is a very serious, yet rewarding program. To be considered for the program, students must; be in grade 11, have an 85% average or above, and be taking Sciences courses. Please see Ms. Di Pietro in room 226 (west wing), for an application or more information before September 8th. Forms are due no later than September 9th. Ms. Di Pietro, Ms. Wineberg, and Mr. DuMond
