

I don't really know what I am supposed to do but I guess I will give you a list of things we have done in both SLA and EMSAC.

SLA:

- September: I can't really remember what we did in September, if we did anything at all.
- October: Since it was Halloween season we did things like best costume, best homeroom door, best pumpkin, the candy sale, the haunted hallway, etc. Things like the door decorating contest, decorating the hallway and the candy sale are all things we can implement into different months and holidays (i.e. winter wonderland hallway, selling chocolate for valentine's day, christmas door decorations.)
As well, SLA has become prefects and have helped out during the mornings, for vaccinations, etc.
- November: November is mostly a time to prepare for December. Tyndale and the John Grant food drive have to be organized, Chez Doris taken care of, etc. We collected money for remembrance day and handed out poppies. The variety show is also starting to be organized.

EMSAC:

- At our first meeting not much was discussed as it was an introduction to what EMSAC is.
- At our second meeting, which was hosted by Lauren Hill Academy, we discussed, Tik Tok challenges and how they should be dealt with in school, the changes proposed by the government concerning the ERC course and how it will affect learning about religions and how Bill 2 may negatively affect trans and nonbinary people and their right to live under the radar.
