## **Foundation REPORT**

April 11<sup>th</sup>, 2022

- We discussed a proposal from Admin that Foundation's next large project be helping to fundraise to update and modernize our classrooms. We have a volunteer teacher already who would like to participate in this project in Room 301
- The idea would be to create a more dynamic, 21<sup>st</sup> century classroom that could fit a teacher and modern student learner's needs
- Foundation is interested in participating but would like to discuss further how they would go about marketing this proposal to RWA community to create interest
- Foundation also continued discussion regarding updating of website along with other housekeeping issues
