<b>END OF YEAR RESULT</b>	
1 <sup>st</sup> Report Progress	2 <sup>nd</sup> Report 100% of Final Mark

### **Additional Information / Specifications**

**Work saved on the computers is not secure. Please backup all work online.**

This is a SEMESTERED course, meaning that it only lasts for the first half of the year.

All students are required to complete their own assignments. Students who knowingly duplicate and submit for evaluation work belonging to another student are subject to significant penalties (loss of marks and notification to parents). This policy applies to both the donor and the recipient of the assignment.

Assignment completion dates must be respected. Additional time (outside of regular class time) will be required to complete assignments. Students are to be responsible of their success in this course by keeping track of the deadlines and evaluation criteria for each assignment or project.

Students who feel they are having difficulty keeping pace with the assignment deadlines should contact the teacher as soon as possible. A course of action can then be devised to permit the student to successfully complete the work.

**LATE ASSIGNMENTS WILL BE PENALIZED WITHOUT A VALID REASON**

Students can expect at least one of the 3 computer labs to be opened most days at lunch.

Students must respect computer lab etiquette at all times.

**N.B.** Due to COVID-19, there are many unknowns as to how the 2022-23 school year will unfold. Please note that the information on this outline may need to be modified as the year progresses. Rest assured that any changes made will be done so to reflect what we feel is best to maximize student's success.

### **Remediation**

Day 3: 12:30pm – 1:10pm and 3:00pm – 3:30pm    Day 7 : 12:30pm – 1:10pm

Appointments on different dates and at different times can be made if the teacher is notified in advance.
