Course description:

The visual arts course is an elective that allows students enrolled in the science program to take art. The course is designed for students who might not have taken an art class since grade 7 and therefore basic art techniques will be reviewed so that skills can be enhanced. Students who are more advanced due to their enrollment in art over the past years will be assigned work at their level to keep improving their skills and technique. Students will be evaluated in 2 competencies (Creates Personal and Media Images, and Appreciates Images) throughout the year and will be clearly given the criteria of evaluation at the beginning of each assignment and/or project.

Competencies description:

C1: CREATES PERSONAL AND MEDIA IMAGES. Students will be evaluated based on in-class and take-home assignments that reinforce the notions viewed in class while being guided to produce work that has a personal connection to them. Students will also be encouraged to create artwork that delivers a specific message to a specific audience. It also refers to any artwork that has been inspired by a social event, movement or environmental issue.

C2: APPRECIATES WORKS OF ART. Students are evaluated upon their capacity to express their opinion about an artwork both orally and written using the notions and knowledge acquired in the art course, making references and comparisons to certain art movements, artists, techniques and art history facts. They will analyze and criticize works of art considering specific elements and criteria.

Additional information:

- Students are to be responsible of their success in this course by keeping track of the deadlines and evaluation criteria for each assignment and/or project. It is extremely important that students respect deadlines as they have art only twice in a 7-day-cycle.
- It is the student's responsibility to see the teacher for any missed work in the event of a class absence.
- **Assignments handed in late without previous arrangements or justification in the form of a note from parent/guardian, doctor or administration, will be deducted 10% of the final mark per school day. No extensions for ATC's, as a term project, students are given due dates at the beginning of the year.**
- Students are welcome to work in the art studio to finish projects on remediation days or upon appointment.
- Students must respect studio etiquette at all times: respect their fellow art peers and teacher, the art materials and furniture.
- All students in the visual art program are expected to submit at least three completed artworks that will be displayed in the end of the year **art exhibit** that will take place on **May 25th** in the auditorium from 4:00 to 8:00pm. **Participation and presence is mandatory for this event because it is worth 20% of the third term Competency 2 evaluation.**
- As indicated in the school agenda, the use of cell phones is not permitted during class time, unless permission has been granted, therefore such devices will be confiscated and submitted to the administration.
- Students must join their class section in Google Classroom where they can access information about their art projects and submit written assignments.
