

## RWA Foundation Report

March 27, 2023

Recap: The Foundation launched the Active Learning Classroom campaign November 2022. The [Active Learning Classroom](#) encourages individualized learning, collaboration between students and teachers, and has been shown to increase engagement and motivation among students. Three classrooms have been identified for a Pilot Project. These are Rooms 313 (Math and Science), 301 (History and Ethics), and 209 (English and Drama). The Foundation has an objective to raise a minimum of \$80,000 for the pilot project. This is a multi-year project and based on the results, the objectives will then be set for the following year.

### Activities: February 2023

- Received sign off from GB on letter to private foundations
- Prepared and sent 4 grant requests to Private Foundations as a start
- Prepared for presence at in-school events in March
- Validated idea for Foundation Event (Fall 2023 confirmed)

### Planned Activities: March-April 2023

- Continue soliciting Private Foundations (approx. 1-2 per week)
- RWA Foundation presence at in-school event (at Wager) March 24
- Prepare Spring Communication to RWA Parents and Donors
- Brainstorming and development of sponsorship/partnership strategy with small-medium sized businesses in the community
- Finalize donor plaque for PAC
- *Through RWA newsletter, parent, and donor communications, continue to educate parents on the benefits of Active Learning Classrooms through testimonials*

**The RWA Foundation needs a new Treasurer and a Secretary as both are leaving by the end of the 2022-2023 school year. If you know of any volunteers that would be interested, please advise.**

Committee member and upcoming meetings can be found [here](#).
