

Grade Seven Summer Reading Reflection

List the three (3) books you read for summer reading:

Book A	
Book B	
Book C	

Instructions:

- The following document is to be completed as part of the summer reading program.
- Please note that some of these books have mature themes; we encourage students to consult reviews to make sure the books they choose to read are a good fit.
- **This form will be graded for completion and is due during the first cycle of classes.**
- The purpose of completing this document is to give each student a chance to reflect on their summer reading experience in a meaningful way. You'll notice that most of the questions are opinion based; this was done on purpose to enable you to interact with the novels in a more personal manner.
- **You will complete ONE document for all 3 books. You'll notice that there are 6 book-specific questions. Complete 2 questions PER BOOK.** For each question, be sure to indicate which book you are discussing.
- **Answers cannot exceed 150 words. You are responsible for submitting neat and clear work. Your work must be completed by hand (typed or messy work will be returned). Answer either on this document or on a separate sheet of paper.**

The point of this document is to record ideas which you may explore in greater depth later on through your formal summer reading assessment.
