

RWA Foundation Report

April 27, 2023

Recap: The Foundation launched the Active Learning Classroom campaign November 2022. The [Active Learning Classroom](#) encourages individualized learning, collaboration between students and teachers, and has been shown to increase engagement and motivation among students. Three classrooms have been identified for a Pilot Project. These are Rooms 313 (Math and Science), 301 (History and Ethics), and 209 (English and Drama). The Foundation has an objective to raise a minimum of \$80,000 for the pilot project. This is a multi-year project and based on the results, the objectives will then be set for the following year.

Activities: March 2023

- RWAF presence at in-school event (at Wager) March 24
- Prepared and sent 8 grant requests to Private Foundations (12 cumulative). We are currently following up with these organizations.
- Prepared and sent to RWA admin the Spring Communication to RWA Parents and Donors
- Developed ideas for partnership with small-medium sized businesses in the community. These will be implemented to support the Fall 2023 Campaign launch event (Fall date TBC).

Planned Activities: April 2023

- Set calendar of RWA Foundation meetings for 2023-2024 school year (done)
- Continue soliciting Private Foundations
- Finalize design and order donor plaque for PAC
- *Through RWA newsletter, parent, and donor communications, continue to educate parents on the benefits of Active Learning Classrooms through testimonials*
- Develop slideshow to run continuously on the TV in school's atrium

The RWA Foundation needs a new Treasurer and a Secretary as both are leaving by the end of the 2022-2023 school year. If you know of any volunteers that would be interested, please advise.

Committee member and upcoming meetings can be found [here](#).
Please visit our new website at www.rwaf.ca

Thank you,

Judith Obadia and Jesse Chaim
